

THE NEW GREEN REVOLUTION!

Elaborazione, introduzione e applicazione di un nuovo protocollo di produzione

WHO WE ARE

The project New Green Revolution was created by the Association Great Cru di Montefalco: group of companies, different for dimensions and history, but with the common goal of sustainable viticulture.

- *The ARNALDO CAPRAI's company, leader in the area to make the Sagrantino famous in all over the world, is located in the town of Torre di Montefalco. It has 130 hectares of field, of which 120 are planted with vines. The current production is about 750000 bottles.*
- *The ADANTI's company, is situated in the town of Arquata of Bevagna, it cultivates 29 hectares of vineyards and its production amounts to 115000 bottles.*
- *The ANTONELLI SAN MARCO's company, is located in San Marco of Montefalco; it presents 170 hectares of field, of which 42 are vineyards. Each year are produced about 320000 bottles.*
- *The ANTANO's company is situated in Colle Allodole of Bevagna; it covers around 20 hectares, of which 12 cultivated with vines. The production is about 40000 bottles.*
- *The PERTICAIA's company in the town of Casale of Montefalco, has 15 hectares of vineyards.*
- *The owner of the SCACCIADIIVOLI's company is the Prince Ugo Boncompagni-Ludolisi. It was founded in the second half of the 800 century and it represents one of the first productive reality of the this territory. It is located in Cantinone*
